Health and Social Care	26

Introduction

Since you started at Limehurst, you have taken a wide range of subjects and have had opportunities to learn in a variety of ways. It is now time to consider the next stage in your school career.

In the Autumn Term, you will begin courses that lead directly to GCSE (or equivalent qualifications) at the end of Year 11. This means that you will study slightly fewer subjects, but in greater depth. You will continue to study core subjects, but you will also have to decide which other subjects you wish to continue to study.

The purpose of this booklet is to explain the courses available — both core and as options — and it will help you and your parents to make informed choices about what type of course and which subjects best suit you.

Think about your choice of subjects carefully as the decisions you make now may be influenced by what you intend to do in the future. Remember, when you finish your learning at Limehurst, you will be making more choices about sixth form, college or apprenticeships.

We are offering you a curriculum in Years 10 and 11 which is relevant to your needs, both now and in the future.

Courses are arranged in such a way as to meet two other general aims:

1. To provide a broad and balanced education which keeps your career and further education options open for as long as possible.

and;

2. To give you the chance to follow your individual interests and develop your own particular abilities, both inside and outside the classroom.

Think carefully about your choices. Talk to your teachers about what each course offers. Think about what will be best for you and what you would like to be learning about.

Core Curriculum

This is the part of the curriculum that you do not choose.

All students study the following courses at Key Stage Four:

English

All pupils will study GCSEs in English Literature and English Language. Maths

All pupils will study GCSE Maths.

Science

There are two routes in Science. You may take Combined Science (worth two GCSEs) or Separate Sciences consisting of three GCSEs: Biology, Chemistry and Physics.

We recommend that students wishing to study Separate Sciences should be at least 'Secure' in their Current Outcome Marker in Maths and Science. Students wishing to study Separate Sciences need to be on Pathway A and will choose this as one of their option choices, and should talk to their Science Teacher before making this choice.

PE

All students will take part in one lesson of PE a week. Students wishing to take a qualification in PE can also choose this as one of their options.

Personal Development

All students will study PSHE, Citizenship, RE and Careers Education for one hour a week. These lessons enable the development of important skills and help students to gain confidence in preparation for their future life and the next stage of education. Students who wish to take a GCSE in Citizenship can choose this as one of their options.

Pathway A

Pathway A – Nine qualifications.

On this route you will choose one of:

French or Spanish

And either:

History or Geography

You will then choose two more options, plus two reserve choices from the following:

Art	Geography	ICT	Separate Sciences *
3D Design	History	Drama	Computer Science **
Hospitality and Catering	French	PE/Sport Science***	Music
Textiles	Spanish	Citizenship	Health and Social Care

*Students choosing Separate Sciences need to have a COM of 'Secure' or 'Stretch' in both Maths and Science.

**Students choosing Computer Science need to have a COM of 'Secure' or 'Stretch' in both Maths and ICT

***Students will be guided by PE staff on the qualification that best suits them.

Pathway B

Pathway B – Eight qualifications, plus additional lessons in English, Maths and Science each week

You can choose:

French or Spanish **or**

Geography or History

You will then choose two more options, plus two reserve choices from the following:

Art	Geography	ICT
3D Design	History	Drama
Hospitality and Catering	French	PE/Sport Science*
Textiles	Spanish	Citizenship

* Students will be guided by PE staff on the qualification that best suits them.

How do I make my choices?

When making your choices it is really important to:

- Consider the subjects you enjoy and are good at.
- Find out about the courses on offer.
- Discuss your choices with as many adults as you can; they can advise and support you. Your parents, subject teachers, form tutor and Head of Year are all willing and able to help.

In your Personal Development lessons you will be spending time going through the option process and will have lots of opportunities to consider all the possible choices you need to make.

When you, your parents and your teachers are satisfied you have understood what you want to choose then you will complete an **online** option form. **The link for this will be sent to your parents in March.**

**All option forms must be completed by
TBC**

**Please make sure that you complete all of the form and that
you have two reserve choices.**

**Once you have made your choices you will have the
opportunity to review them in the Summer Term – but you
may not be able to change them.**

**No changes can be made to options choices beyond
the end of September of Year 10**

Core Qualifications

These are the subjects
you have to study

A Specialist Sports College

English Language and Literature		
Qualification: Two GCSEs	Exam Board: AQA (Language) Edexcel (Literature)	
English Language		
<ul style="list-style-type: none"> • How to read and analyse fiction and non-fiction texts. • How to write imaginative and transactional texts for different audiences and purposes. • How to develop speaking and listening skills. 		
English Literature		
<ul style="list-style-type: none"> • How to analyse texts looking at the writer's craft. • How to interpret texts considering historical and authorial context • The Literature texts you will study are: Animal Farm, Macbeth, A Christmas Carol. • Selected poems from an anthology. 		
Assessment:		
100% examination at the end of the course.		
<ul style="list-style-type: none"> • English Language – Paper 1: Fiction and Imaginative Writing – 50% of overall mark – 1 hour 45 mins • English Language – Paper 2: Non-fiction and Transactional Writing – 50% of overall mark – 1 hour 45 mins • English Literature – Paper 1: Shakespeare and Post 1914 Literature – 1 hour 45 mins • English Literature – Paper 2: 19th Century Novel and Poetry since 1789 – 2 hours 15 mins 		
Some of the careers that use English:		
Actor	Digital marketing officer	Radio broadcast assistant
Advertising copywriter	Early years teacher	Sales administrator
Arts administrator	Librarian	Screenwriter
Commissioning editor	Marketing executive	Teacher
Computer games developer	Newspaper journalist	Speech and language therapist
Crown prosecutor	Paralegal	Vlogger

Maths																						
Exam Board: AQA	Exam Board: AQA																					
You will study: <ul style="list-style-type: none"> Number: between 15-25% of the assessment. Ratio, Proportion and Rates of Change: between 20-25% of the assessment. Algebra: between 20-30% of the assessment. Geometry and Measure: between 15-20% of the assessment. Statistics and Probability: 15% of the assessment. 																						
Assessment: <p>100% examination at the end of the course.</p> <p>Paper 1: non-calculator – 33 1/3 % of overall mark - 1 hour 30 mins</p> <p>Paper 2: calculator – 33 1/3 % of overall mark - 1 hour 30 mins</p> <p>Paper 3: calculator - 33 1/3 % of overall mark - 1 hour 30 mins</p>																						
Some of the careers that use Maths: <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 33.33%; padding: 5px;">Accountant</td> <td style="width: 33.33%; padding: 5px;">Credit controller</td> <td style="width: 33.33%; padding: 5px;">Software designer</td> </tr> <tr> <td>Acoustics consultant</td> <td>Criminologist</td> <td>Stockbroker</td> </tr> <tr> <td>Actuary</td> <td>Data analyst</td> <td>Tax advisor</td> </tr> <tr> <td>Aerospace engineer</td> <td>Electrical engineer</td> <td>Teacher</td> </tr> <tr> <td>Air traffic controller</td> <td>Financial advisor</td> <td></td> </tr> <tr> <td>Bank manager</td> <td>Meteorologist</td> <td></td> </tr> <tr> <td>Civil engineer</td> <td>Research scientist</td> <td></td> </tr> </table>		Accountant	Credit controller	Software designer	Acoustics consultant	Criminologist	Stockbroker	Actuary	Data analyst	Tax advisor	Aerospace engineer	Electrical engineer	Teacher	Air traffic controller	Financial advisor		Bank manager	Meteorologist		Civil engineer	Research scientist	
Accountant	Credit controller	Software designer																				
Acoustics consultant	Criminologist	Stockbroker																				
Actuary	Data analyst	Tax advisor																				
Aerospace engineer	Electrical engineer	Teacher																				
Air traffic controller	Financial advisor																					
Bank manager	Meteorologist																					
Civil engineer	Research scientist																					

Combined Science / Separate Sciences	
Qualification: Two or three GCSEs Foundation Tier: Grades 1-5 Higher Tier: Grades 4-9	Exam Board: Edexcel (Combined Science and Biology , Chemistry and Physics)
Biology	
<u>Paper 1</u> <ul style="list-style-type: none"> Overarching concepts in Biology Cells and control Genetics Natural selection and genetic modification Health, disease and development of medicines 	<u>Paper 2</u> <ul style="list-style-type: none"> Overarching concepts in Biology Plant structures and their functions Animal coordination, control and homeostasis Exchange and transport in animals Ecosystems and material cycles
Chemistry	
<u>Paper 1</u> <ul style="list-style-type: none"> Overarching concepts in Chemistry States of matter Methods of separating and purifying substances Acids Obtaining and using metals Electrolyte processes Reversible reactions and equilibria Transition metals, alloys and corrosion* Quantitative analysis* Dynamic equilibria calculations* Chemical cells and fuel cells* 	<u>Paper 2</u> <ul style="list-style-type: none"> Overarching concepts in Chemistry Group 1, 7 and 0 Rates of reaction Fuels Heat energy changes in chemical reactions Earth and atmosphere science Qualitative analysis tests for ions* Hydrocarbons* Polymers* Alcohols and carboxylic acids* Bulk and surface properties of matter including nanoparticles*
Physics	
<u>Paper 1</u> <ul style="list-style-type: none"> Overarching concepts in Physics Waves Light and the electromagnetic spectrum Particle module 1 Radioactivity Astronomy* 	<u>Paper 2</u> <ul style="list-style-type: none"> Overarching concepts in Physics Energy – forces doing work Forces and their effects Electricity and circuits Static electricity* Magnetism and the motor effect Electromagnetic induction Particle module 2 Forces and matter
*Only applies to Separate Sciences	
Assessment: 100% examination at the end of the course.	
Combined Science:	
Biology 1 – 1 hour 10 mins Chemistry 1 – 1 hour 10 mins Physics 1 – 1 hour 10 mins	Biology 2 - 1 hour 10 mins Chemistry 2 - 1 hour 10 mins Physics 2 - 1 hour 10 mins
Separate Sciences:	
Biology 1 - 1 hour 45 mins Chemistry 1- 1 hour 45 mins Physics 1- 1 hour 45 mins	Biology 2- 1 hour 45 mins Chemistry 2- 1 hour 45 mins Physics 2- 1 hour 45 mins

Some of the careers that use Biology:

Biomedical scientist	Health visitor	Speech and language therapist
Botanist	Horticultural manager	Teacher
Criminologist	Hospital doctor	Vet
Dental nurse	Microbiologist	Zookeeper
Environmental consultant	Nurse	Zoologist
Food scientist	Oceanographer	
Gardener	Pharmacologist	
GP	Podiatrist	

Some of the careers that use Chemistry:

Anaesthetist	Forensic scientist	Nanotechnologist
Chemical engineer		Geotechnician Nurse
Chemist	GP Oil rig worker	
Criminologist	Hospital doctor	Pharmacist
Dentist	Laboratory technician	Teacher
Energy engineer	Materials	engineer Textile technologist
Food scientist	Minerals	surveyor Vet

Some of the careers that use Physics:

Acoustics consultant	Design and development engineer	Oil and gas operations manager
Aerospace engineer	Electronics engineer	Physicist
Architect	Geoscientist	Teacher
Broadcast engineer	IT service engineer	
Civil engineer	Meteorologist	
Criminologist	Nanotechnologist	
	Nuclear engineer	

Option Choices

These are subjects you
can choose to study

A Specialist Sports College

Geography																									
Qualification: GCSE	Exam Board: AQA																								
You will study:																									
<p>Paper 1</p> <ul style="list-style-type: none"> • The challenge of natural hazards • The living world • Physical landscapes in the UK 																									
<p>Paper 2</p> <ul style="list-style-type: none"> • Urban issues and challenges • The changing economic world • The challenge of resource management 																									
<p>Paper 3</p> <ul style="list-style-type: none"> • Issue Evaluation • Fieldwork (including two compulsory field trips) 																									
<p>Assessment: Three examinations at the end of the course.</p> <p>Paper 1: Living with the Physical Environment. 1 hour 30 mins. (35%)</p> <p>Paper 2: Challenges in the Human Environment. 1 hour 30 mins. (35%)</p> <p>Paper 3: Geographical Application and Skills. 1 hour 15 mins. (30%)</p>

Level 1/2 Hospitality and Catering

Qualification: Vocational Award

Exam Board: WJEC

You will study:

- Unit 1 – The Hospitality and Catering Industry:

Types of providers, legislation, food safety and the roles and responsibilities within the sector.

- Unit 2 – Hospitality and Catering in Action:

Develop practical skills through planning, preparing, and cooking nutritional dishes that meet clients' needs.

Required resources for this course:

- You will be expected to provide your own ingredients for practical lessons.

Assessment:

- **Unit 1 – The Hospitality and Catering Industry**

90 minutes written exam (Worth 40% of the qualification)

- **Unit 2 – Hospitality and Catering in Action**

Assessed through an NEA project (non-exam assessment) You will plan, prepare, cook, and present two dishes with accompaniments during a set practical exam (Worth 60% of the qualification)

Each unit has been designed to develop knowledge, skills and understanding through tasks that have the characteristics of real work in the sector.

- Students will be graded as a level 1/2 Pass, Merit or Distinction.

Hospitality and Catering roles make up one of the largest industries in the UK. Just a few career opportunities in this industry are listed below:

Baker	Cruise ship steward	Kitchen porter
Barista	Events coordinator	Mobile caterer
Butcher	Food factory worker	Nutritional therapist
Catering manager	Food manufacturing inspector	Personal Chef
Chef	Food safety officer	Product Development
Consumer scientist	Food scientist	Restaurant manager
Counter service assistants	Hotel manager	Waiting staff
		Wedding planner

Sports Studies

Qualification: Cambridge National Sports Science Level 1/2

Exam Board: OCR

You will study:

Contemporary Issues in Sport

- Issues which affect participation in sport
- The role of sport in promoting values
- The implications of hosting a major sporting event
- The role National Governing Bodies (NGBs) play in developing their sports
- The use of technology in sport

Performance and Leadership in Sports Activities

- Demonstrating key components (skills and techniques) in two sports
- Applying practice methods to support improvement in your own sports performance.
- Organising and planning your own sports session
- Leading your own sports session
- Evaluating your sports session

Increasing the Awareness of Outdoor Adventurous Activities (OAA)

- The different types of OAA and where we can do them
- Equipment, clothing and safety aspects of taking part in OAA
- Plan and take part in OAA
- Evaluate your participation in OAA

Assessment:

- Performance and Leadership in Sports Activities
Internally assessed task [NEA] (Worth 40%)
- Increasing the Awareness of Outdoor Adventurous Activities
Internally assessed task [NEA] (Worth 20%)
- Contemporary Issues in Sport
Exam – [1 hour 15 min] (Worth 40%)

Careers that use PE/Sport:

Events Manager Personal Trainer Sports Commentator Sports Analyst Teacher	Sports Psychologist Sports Coach Leisure Centre Manager Lifeguard Sports Scientist	Outdoor Pursuits instructor Physiotherapist Play Therapist. Sports Development Officer Sports Nutritionist
---	--	--

Music		
If you choose Music, you will study one of these qualifications (the choice of which will be made at a later date)		
Qualification: GCSE	Exam Board: <u>Edexcel</u>	
<p>You will study:</p> <p>Unit1: Performing Music Unit 2: Composing Music Unit 3: Music - Appraising</p>		
<p>Assessment:</p> <ul style="list-style-type: none"> • Performing - Consisting of a number of ensemble and solo performances. This unit is internally assessed. • Composing Music - Two compositions (one free composition and one set by Edexcel) This unit is internally assessed. • Music Listening and Appraising - Pupils will study 8 set works. There will be a final written paper at the end of the course lasting 1 hour 45 minutes. The set works are split into 4 Areas of Study. This unit is externally assessed. 		
Qualification: BTEC Tech Award in Music Practice	Exam Board: Edexcel	
<p>You will study:</p> <p>Component 1: Exploring Music Products and Styles. Component 2: Music Skills Development Component 3: Responding to a Music Brief</p>		
<p>Assessment:</p> <ul style="list-style-type: none"> • Components 1 and 2 are assessed through the completion of Pearson set assignments that are internally assessed and then moderated by Pearson • Component 3 is a synoptic assessment that is externally assessed by Pearson. 		
<p>Careers that use Music:</p>		
Session Musician Sound technician Singer Broadcast engineer Community arts worker Instrumentalist	Computer games developer Dancer DJ Events manager Music therapist Talent Scout	Musical instrument maker Singer/songwriter Studio sound engineer Teacher TV / film sound technician Musical production

Drama		
Qualification: GCSE	Exam Board: <u>OCR</u>	
You will study:		
<ul style="list-style-type: none"> • A range of theatrical skills and ways in which to devise from a stimulus. • Two extracts from one play text with the intention of presenting a showcase of these extracts. • Practical exploration and analysis of one play text to answer questions on in a written exam. • Analysis and evaluation of live theatre. 		
Assessment:		
<p><i>Devising Drama (30%)</i> A non-exam assessment where you devise from a stimulus.</p> <p><i>Presenting and Performing Texts (30%)</i> A non-exam assessment with a visiting examiner to assess performances of monologues, duologues and group pieces.</p> <p><i>Drama: Performance and Response (40%)</i> Exam assessment (1 hour 30 minutes)</p> <p>Performing in front of an audience is a compulsory part of this course. If you choose this option, you need to be confident in this aspect of the subject.</p>		
Careers that use Drama:		
Actor Arts administrator Digital marketing officer Dramatherapist Entertainer	Events manager Image consultant Lighting technician Media researcher Screenwriter	Set designer Social media manager Teacher Tour manager TV / film producer

ICT				
Qualification: Cambridge National Level 1/2	Exam Board: OCR			
<p>You will study:</p> <p><u>IT in the Digital world</u></p> <ul style="list-style-type: none"> • Principles of human computer interfaces • The uses of Internet of Everything and the application of this in everyday life • Cyber-security and legislations related to the use of IT systems 				
<p><u>Data Manipulation</u></p> <ul style="list-style-type: none"> • Plan and design a spreadsheet solution to meet client requirements • Evaluate their solution based on the user requirements. 				
<p><u>Using augmented reality to present information</u></p> <ul style="list-style-type: none"> • Learn the purpose, use and types of augmented reality (AR) • Develop the skills to be able to design and create an AR model prototype, using a range of tools and techniques 				
<p>Assessment:</p> <p>Data Manipulation using spreadsheets Internally assessed tasks (30%)</p> <p>Using AI to present information Internally assessed tasks (30%)</p> <p>IT in the digital world (40%) Exam assessment (1 hour 30 minutes)</p>				
<p>Careers that use ICT:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 33%; padding: 5px;">Teacher IT Manager IT Sales assistant Cyber security Analyst Project Manager</td><td style="width: 33%; padding: 5px;">IT Support Assistant Database Administrator Web developer Network Administrator Software Engineer</td><td style="width: 33%; padding: 5px;">Data Scientist Cloud Engineer Robotics Engineer Computer Hardware Engineer</td></tr> </table>		Teacher IT Manager IT Sales assistant Cyber security Analyst Project Manager	IT Support Assistant Database Administrator Web developer Network Administrator Software Engineer	Data Scientist Cloud Engineer Robotics Engineer Computer Hardware Engineer
Teacher IT Manager IT Sales assistant Cyber security Analyst Project Manager	IT Support Assistant Database Administrator Web developer Network Administrator Software Engineer	Data Scientist Cloud Engineer Robotics Engineer Computer Hardware Engineer		

Computer Science

Qualification: GCSE (9-1)

Exam Board: OCR

You will study:

- Systems Architecture
- Memory and Storage
- Wired and wireless networks
- Network topologies, protocols, and layers
- System security and System software
- Ethical, legal, cultural, and environmental concerns
- Algorithms, programming techniques and producing robust programs
- Computational logic
- Translators and facilities of languages
- Data representation
- Practical Investigations

Assessment:

Computer Systems (50%)

Exam assessment (1 hour 30 minutes)

Computational thinking, algorithms and programming (50%) Exam assessment (1 hour 30 minutes)

Careers that use Computing

App developer	Cyber intelligence officer	IT technician
Automotive engineer	Data analyst	Software developer
Broadcast engineer	Electronics engineer	Systems analyst
Business Administrator	Information scientist	Teacher
Computer games developer	IT project manager	Web designer
Criminal intelligence analyst	IT service engineer	Web developer

Citizenship		
Qualification: GCSE	Exam Board: <u>Edexcel</u>	
You will study:		
Theme A: Living together in the UK		
<ul style="list-style-type: none"> Community, identity and changing population Political, legal and human rights Discrimination and the law 		
Theme B: Democracy at Work in the UK		
<ul style="list-style-type: none"> How we are governed Power and politics How laws are made 		
Theme C: How the Law works		
<ul style="list-style-type: none"> The role of the law in our society The Criminal Justice System 		
Theme D: Power and Influence

<ul style="list-style-type: none"> Researching an issue, planning and carrying out a campaign 		
Assessment: <ul style="list-style-type: none"> There are 2 exams at the end of the course. Both are 1hr 45 minutes long. They are worth 100% of the GCSE. <p>Students will take part in a Citizenship campaign which is examined in Paper 2</p>		
Careers that use Citizenship:		
Barrister Broadcast journalist Civil service officer Diplomatic service officer Human resources manager	Market researcher MP Newspaper journalist Paralegal Public relations officer	Solicitor Stockbroker Teacher Youth offending team officer

Health and Social Care

Qualification: Cambridge National Level 1/2

Exam Board OCR

You will study:

- Principles of care in health and social care settings.
- Person-centred values.
- Effective communication in health and social care settings.
- Protecting service users and service providers in health and social care settings.

In doing so, students will develop learning and practical skills that can be applied to real-life contexts and work situations.

This course will ask learners to think creatively, innovatively, analytically, logically and critically.

Learners will develop independence and confidence in using skills that would be relevant to the health and social care sector and more widely.

Assessment:

The course is assessed through two NEA's and one external exam. Units completed are:

- RO33: Supporting individuals through life events (60 marks, centre assessed tasks, OCR moderated)
- RO34: Creative and Therapeutic Activities (60 marks, centre assessed tasks, OCR moderated)
- RO32: Principles of care in health and social care settings (70 marks, written paper, OCR set and marked)

Careers that use Health and Social Care:

<ul style="list-style-type: none">• Counsellors• Social Worker• Case Worker• National Health Service	<ul style="list-style-type: none">• Nurse• Charity Officer• Health Promotion Specialist• Nursery Nurse	<ul style="list-style-type: none">• Residential Care• Paramedic
---	---	--

This course could lead to further study relating to a variety of health and social care industries and occupations:

- Cambridge Technical Health and Social Care
- Diploma in Health and Social Care
- BTEC Childcare
- Counselling
