

31st October 2023

Dear Parent/Carer

As part of our Personal Safety curriculum, students have taken part in an awareness session on county lines. This has been delivered by Leicestershire Police and has included information on the following areas:

- Recognising common terms used within county lines and their meaning.
- To understand what county lines is and how they operate.
- To understand why gangs, recruit young people and the roles they are expected to play.
- To recognise incentives these gangs will offer to entice young people into this criminal activity.
- To understand factors that can make people more vulnerable and susceptible to county lines.
- To recognise key warning signs that young people may display when involved in county line.

Below are some resources that might be useful for you as parents:

- [Are You Listening? - YouTube](#)
- [County Lines - Fearless](#)
- [Child criminal exploitation advice for parents | LiveSafe](#)

Attached to this letter there is also a parent information sheet provided by Leicestershire Police.

Yours sincerely

Miss A Mauger
Assistant Headteacher & SENDCo
