

March 2023

Key Stage Four Options Form

Dear Parent / Carer,

Following my previous letter and the recent Parents' Evening, we are now at the point where we would like students in Year 9 to make some choices about the subjects they will be studying in Years 10 and 11.

We have dedicated a section of the school website to helping you and your child making informed choices. This can be found [here](#). On the website page there is an introductory video, explaining the options process, the [Options Booklet](#) and video presentations for each qualification.

Your child has been placed on **Pathway A**, meaning that they will study nine qualifications at Key Stage Four. The detail behind this is explained in both the Options Booklet and in the introductory video about making options choices.

You now need to complete the online [Options Form](#).

Options Forms need to be completed by Friday 24th March. We will send reminders out to you before then, to ensure that all forms are completed by this point.

Yours sincerely,

Vickie Beeby

Head of School
