Dear Parent/Carer

As part of our Personal Safety curriculum, students have taken part in an awareness session on child sexual exploitation (CSE). This has been delivered by Leicestershire Police and has included information on the following areas:

- To understand what child sexual exploitation is
- To understand what grooming is and the different stages
- To recognise and understand the different models of child sexual exploitation
- To recognise the key warning signs associated with child sexual exploitation
- To know where to go for more information and support as well as to report child sexual exploitation

Below are some resources that might be useful for you as parents:

- [Crime stoppers](#)
- [Child Exploitation and Online Protection \(CEOP\)](#)
