

It all starts at Yes

Dear Parent/Guardian

Your son or daughter has received a presentation at school from the National Citizen Service (NCS) team on the **15th January 2018**. NCS is a nationwide personal and social development programme which supports young people aged 16 and 17 years to develop new skills whilst undertaking worthwhile social action activities in their local community.

NCS includes challenging activities, away-from-home residential experiences and self-designed social action projects. This is a fantastic opportunity for young people from all backgrounds and ability levels to come together to build confidence, meet new people and make a positive difference.

NCS is taking place during the summer school holidays in 2018 and will cost no more than £50.

Why Young People Say Yes!

- Challenge themselves and make life-long memories with new friends
- Discover interests without the fear of failure
- Learn skills for work and life and build an amazing CV
- Invest in their future, get a head-start and stand out
- UCAS recommends students include NCS in their personal statement

To guarantee a place for a discounted rate of £35 on the NCS programme today please sign up online by visiting www.ncsem1.org.uk or return the pack to school before 22nd January 2018.

If you wish to discuss any aspect of NCS please do not hesitate to meet us at the parents evening at school on the 15th January or contact the NCS Team on 01522 574101 or email your queries to NCS@the-ebp.co.uk

We are all very excited about NCS and hope your son or daughter is able to join us.

Yours Faithfully
The NCS Team

The EBP is the lead organisation delivering NCS in Leicestershire, Lincolnshire, Northamptonshire and Rutland.
