1. Introduction
   
a) Legislative context
   
The Equality Act 2010 provides a single, consolidated source of discrimination law. It simplifies the law and it extends protection from discrimination in some areas. The Equality Act was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics).

This policy has been developed in response to the Equality Act 2010 and replaces previous policies relating to race, gender and disability equality. It has been designed to help the school to meet the duty to:

   • Eliminate unlawful discrimination, harassment, victimisation and other prohibited conduct
   • Advance equality of opportunity between those who have a protected characteristic and those who do not
   • Foster good relations between those who share a protected characteristic and those who do not

b) Protected characteristics

The Equality Act defines the nine protected characteristics:

• Age
• Disability
• Sex
• Gender reassignment
• Race (includes colour, nationality and ethnic or national origin)
• Pregnancy and maternity
• Religion or belief (includes religious or philosophical belief as well as lack of religion or belief)
• Sexual orientation
• Marriage and civil partnerships

Age, marriage and civil partnerships are protected characteristics but are not part of the school provisions related to students.

2. General principles

Limehurst Academy celebrates the existence of diversity, with the intention that doing so will produce an inclusive, supportive and empowering learning community. This applies to both the students and adults associated with the school.

We also recognise that special efforts may need to be made to better ensure that vulnerable groups of learners make the most of their time at Limehurst. These learners include:

• All members of ethnic minority groups, including Gypsy, Roma, Travellers, new arrivals, refugees and asylum-seekers
• Students and others who do not have English as their first language
• Looked after children – and those with responsibility for them
• Students and others with disabilities
• Students and others with special educational needs
• Young carers and others living with vulnerable adults
Staff and Governors will

- Actively promote equality of opportunity in all areas of academy life
- Ensure that members of the school community know their rights, and respect the rights of others
- Aim to ensure that prejudice or discrimination in all its forms is actively rejected
- Raise awareness of equality issues for all members of the school community, and through our links with the local community.
- Establish strategies to ensure equal access to the curriculum and enable each individual to fulfil their potential regardless of ability, gender, race, disability, religion or sexual orientation

3. Practice and policy

Equality and diversity principles based on the above aims will be embedded in our daily practices, policies and the processes of decision-making, including:

- Admissions, induction and attendance
- Students’ progress and achievement
- Students’ personal development and wellbeing, particularly in relation to safeguarding
- Parental involvement
- Working with the wider community
- Behaviour management
- Staff recruitment and professional development
- Curriculum access and participation
- Teaching styles and strategies

4. Policy Commitments

a) Curriculum

We aim to provide all students with the opportunity to succeed. To achieve this we will ensure that:

- Curriculum planning reflects a commitment to equality
- The curriculum prepares students for life in a diverse society and uses opportunities to reflect the background and experience of students and their families in the school
- There will be opportunities in the curriculum to explore concepts and issues related to identity and equality
- Attitudes and values that celebrate and respect diversity and challenge discriminatory behaviour and language are promoted wherever possible
- Images and materials used in the delivery of the curriculum positively reflect a range of cultures, identities and lifestyles.

b) Progress and Achievement

There are consistently high expectations of all students regardless of age, gender, ethnicity, ability, social background and sexual orientation. To secure the best possible outcomes:

- Staff will be expected to provide positive role models in their approach to all issues relating to equality of opportunity
The particular needs of individuals and groups within the school will be identified, and targeted interventions used to narrow gaps in achievement and progress.

A range of teaching methods will be used throughout the school to ensure that effective learning takes place at all stages for all students.

All students are actively encouraged to engage fully in their own learning.

c) School ethos and culture

We aim to achieve an ethos of inclusion, openness and tolerance which welcomes everyone to the school community and encourages mutual respect.

Reasonable adjustments will be made to ensure access for students, staff and visitors (including parents) with disabilities (this not only includes physical access, but takes account wider access to school information and activities).

Students’ views are actively encouraged and respected. Students are given an effective voice through the School Council and a range of other opportunities.

Positive role models are used throughout the school to ensure that different groups of students feel welcomed and included.

d) Staff Recruitment and Professional Development

All posts are advertised formally and open to the widest pool of applicants.

Those involved in recruitment and selection are appropriately trained and aware of the need to avoid discrimination and ensure equality of opportunity.

Equalities policy and practice is covered in all staff inductions.

Employment policy and procedures are reviewed regularly to check conformity with legislation and the impact of policies are kept under regular review.

e) Countering and challenging harassment and bullying

The school:

Counts and challenges all types of discriminatory behaviour and this stance is made clear to staff, students, parents and governors.

Has a clear, agreed procedure for dealing with prejudice-related bullying incidents and has a nominated member of staff responsible for recording and monitoring incidents.

Report to Governors and the Local Authority on an annual basis the number of prejudice related incidents recorded in the school.

f) Partnerships with parents and the wider community

The school aims to work in partnership with parents. We will:

- Encourage all parents to participate in the life of the school.
